WHAT KEEPS EDUCATION CENTER MANAGERS UP AT NIGHT

PRICE STOPS SIGN-UPS 1

Students want to enroll, but the total course fee feels too high.

COMPETING ON PRICE 2

Lower-priced schools win, or education centers discount fees to secure enrollment.

STUDENTS DROP OUT 3

They start the course, but delay, pause, or stop attending classes.

WHAT GETS IN THE WAY

STUDENTS DELAY OR SAY NO

When prices feel high, students postpone or decide not to join.

DISCOUNTS HURT PROFITS

Discounts help close sign-ups, but reduce profitability.

LOST REVENUE

Students skip extra classes or don't finish the full course.

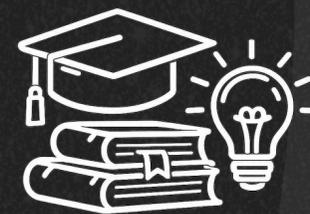

EXISTING LIMITATIONS

LIMITED PAYMENT OPTIONS

Many education centers don't offer simple payment plans for courses.

NOT BUILT FOR EDUCATION

Generic payment apps aren't designed for courses, programs, or learning packages.

CASH FLOW DELAYS

Slow payouts make it harder to cover staff, materials, and rent.

EXTRA ADMIN WORK

Most BNPL tools add friction instead of fitting into daily operations.
